

## Appendix 1

## NEW PICTET PROSPECTUS

Section	Sub-section	Paragraph	Comments
THE SICAV			This section is a summary of the corporate information of the SICAV and the main service providers.
A WORD TO POTENTIAL INVESTORS			This section provides information on who can invest in the SICAV, the fact that the fund is not registered in the US and main information on the Board and service providers.
		<b>All investments involve risk</b>	This section describes the risks involved with investing in the SICAV. The wording of the current prospectus of Pictet (the “Prospectus”) has been amended to be in line with the CSSF model prospectus issued by the CSSF on 3 November 2022 (the “CSSF model”) which is clearer and more complete.
		<b>Who can invest in these Funds</b>	This section clarifies that the SICAV is not registered in the US. Wording is shorter but no substantial changes in comparison with the Prospectus.
		<b>Prospectus and other Fund documents</b>	Wording amended to be in line with the CSSF model which is more complete.
SICAV DESCRIPTIONS			This section provides general information on the SICAV and the Funds. For clarification purposes, the wording describing the SICAV and the Fund has been amended to be in line with the CSSF model.
RISK MANAGEMENT SYSTEMS AND RISK FACTORS		<b>Permanent Risk Management Function</b>	New section to be in line with the CSSF model.
		<b>Risk Management Policy</b>	New section for clarification purposes.
		<b>Risk Monitoring approaches</b>	Section has been reorganised but in line with the Prospectus and CSSF model.
		<b>Leverage</b>	Section has been amended and is more detailed for clarification purposes.
		<b>Investment risks</b> - Concentration risks	The risk descriptions are organised in two sections and corresponding sub-sections.

	<ul style="list-style-type: none"> <li>- Counterparty risk &amp; collateral risk</li> <li>- Credit risk</li> <li>- Market risk</li> <li>- Liquidity Risk</li> <li>- Risks linked to techniques</li> <li>- Risks linked to securities</li> <li>- Risks linked to investment markets</li> <li>- Sustainability and ESG risks</li> </ul>	<p>The risk descriptions do not systematically match the language from the CSSF model and have been enhanced compared to the Prospectus provisions.</p> <ul style="list-style-type: none"> <li>- Investment risks: In addition to standard Investment risk descriptions (market, liquidity, credit and counterparty risks etc...), this section describes the risks associated with the use of securities and investment markets which bear a complex risk profile, and the risks associated with the use of derivatives and EPM techniques. Sustainability and ESG risks are also covered under this section.</li> </ul>
	<p><b>Other risks associated with collective investment</b></p> <ul style="list-style-type: none"> <li>- Compliance risks</li> <li>- Custody risk</li> <li>- Disaster risk</li> <li>- Fund liquidation risk</li> <li>- Investment Fund Risk</li> <li>- Management risk</li> <li>- Legal risk</li> <li>- Operational risk</li> <li>- Political risk</li> <li>- Settlement risk</li> <li>- Tax risk</li> <li>- Trading venues risk</li> </ul>	<ul style="list-style-type: none"> <li>- Other risks associated with collective investment (such as compliance risk, custody risk, disaster risk, legal risk etc...)</li> </ul>
ESG INTREGATION AND SUSTAINABLE INVESTING APPROACHES	<b>Responsible investment policy</b>	No change – this section presents (i) a summary of the responsible investment policy of Pictet Asset Management, (ii) treatment of adverse impacts by the Management Company, (iii) a summary of the Taxonomy regulation.
	<b>SFDR regulation</b>	
	<b>Taxonomy</b>	
	<b>Authorised investments</b>	

GENERAL INVESTMENT POWERS AND RESTRICTIONS	<b>Unauthorised investments</b>	This section describes the investment restrictions set out in the law of 17 December 2010. Wording amended to replicate the wording of the CSSF model.
	<b>Investment restrictions</b>	
	<b>Master-feeder funds</b>	
HOW THE FUNDS USE DERIVATIVES AND TECHNIQUES	<b>Legal and regulatory framework</b>	This section describes the use of derivatives and techniques employed. It has been reorganised but no material changes compared to the Prospectus. Some sections of the CSSF model have been included for clarification purposes.
	<b>Use of Derivatives</b>	
	<b>Use of techniques</b>	
	<b>Counterparties to derivatives and techniques</b>	
	<b>Collateral policies</b>	
	<b>Usage of Total Return Swaps and techniques</b>	
SPECIFIC PROVISIONS AND INFORMATION RELATING TO MONEY MARKET FUNDS		This section describes the specific rules applicable to money market funds. No change has been made to the Prospectus wording.
INVESTING IN THE FUNDS	<b>Share classes</b>	Wording slightly amended for clarification purposes. Wording is similar to the Prospectus Pictet and the CSSF model.  For clarification purposes the characteristics of the existing share classes are presented in a table. The MG share class has been removed because it is no longer used.

		JS and IS share classes have been removed as a type of share class because the S is added for dilution levy purposes and explained at a later stage.
	<b>Minimum investment waiver</b>	For clarification purposes the possibility to waive the minimum investment amount is entrusted to the Management Company for all share classes. As of today, this authority is provided to the Management Company either by the Prospectus (A Shares) or by delegation of the Board (other Share classes).
	<b>Subscription, redemption and switch fees</b>	A section of subscription, redemption and switch fees has been added to clarify how those fees are charged.
	<b>Fees</b>	Clarifications have been added with respect to the action that can be taken where the investor fails to pay, the account opening process and the obligation for the management to ensure sufficient liquid funds for redemption has been included.
	<b>Currency</b>	
	<b>Share Class supplemental labels</b>	Similar wording to the Prospectus. In addition to the current wording of the Prospectus, a section for the currency code has been added to explain the addition of the currency letter to the Share classes.
	<b>Issuance and ownership</b>	<b>Forms in which shares are issued</b> Wording amended to clarify that: <ul style="list-style-type: none"> <li>- shares are only issued in the registered form;</li> <li>- fractional shares do not provide any voting rights;</li> <li>- some electronic platforms may not process fractional shares.</li> </ul>
	<b>Investing through a nominee vs. directly with the SICAV</b>	Wording amended for simplification purposes.
	<b>Dividend policy</b>	No material change with the Prospectus. However, the section has been completed with some clarifications and divided into 2 sub-sections (distributing and accumulative for clarification purposes).
	<b>Listing of shares</b>	No material change with the Prospectus. Shorter wording.
	<b>Buying, switching and</b>	This paragraph clarifies that description of buying, switching and redeeming shares applies only to investors investing through financial intermediaries or directly.

	<b>redeeming Shares</b>												
	<b>Information that applies to all transactions except transfers</b>	<table border="1"> <tr> <td><b>Placing requests</b></td> <td rowspan="2">The wording has been amended to clarify and detail the common process applicable to subscription, redemption and switch</td> </tr> <tr> <td><b>Banking days, cut-off times and processing schedule</b></td> </tr> <tr> <td><b>Pricing</b></td> <td>The wording has been amended to merge the calculation of all transaction pricing. The price determination is more detailed for clarification purposes.</td> </tr> <tr> <td><b>Settlement</b></td> <td>Same as the Prospectus.</td> </tr> <tr> <td><b>Currencies</b></td> <td>Clarification that the board of directors of the SICAV (the “<b>Board</b>”) or the Management Company can take action where the investor fails to pay or where transactions in the Fund are suspended. Warning added for investors that payments are only accepted in the share classes currencies except for non-delivery currencies.</td> </tr> <tr> <td><b>Late or missing payments to Shareholders</b></td> <td>New section added to clarify that payments of dividend or proceeds may be delayed for liquidity reasons.</td> </tr> </table>	<b>Placing requests</b>	The wording has been amended to clarify and detail the common process applicable to subscription, redemption and switch	<b>Banking days, cut-off times and processing schedule</b>	<b>Pricing</b>	The wording has been amended to merge the calculation of all transaction pricing. The price determination is more detailed for clarification purposes.	<b>Settlement</b>	Same as the Prospectus.	<b>Currencies</b>	Clarification that the board of directors of the SICAV (the “ <b>Board</b> ”) or the Management Company can take action where the investor fails to pay or where transactions in the Fund are suspended. Warning added for investors that payments are only accepted in the share classes currencies except for non-delivery currencies.	<b>Late or missing payments to Shareholders</b>	New section added to clarify that payments of dividend or proceeds may be delayed for liquidity reasons.
<b>Placing requests</b>		The wording has been amended to clarify and detail the common process applicable to subscription, redemption and switch											
<b>Banking days, cut-off times and processing schedule</b>													
<b>Pricing</b>		The wording has been amended to merge the calculation of all transaction pricing. The price determination is more detailed for clarification purposes.											
<b>Settlement</b>		Same as the Prospectus.											
<b>Currencies</b>		Clarification that the board of directors of the SICAV (the “ <b>Board</b> ”) or the Management Company can take action where the investor fails to pay or where transactions in the Fund are suspended. Warning added for investors that payments are only accepted in the share classes currencies except for non-delivery currencies.											
<b>Late or missing payments to Shareholders</b>	New section added to clarify that payments of dividend or proceeds may be delayed for liquidity reasons.												
	<b>Buying shares</b>	New wording which explains the process to submit an application for subscription of shares.											
	<b>Redeeming shares</b>	New wording which explains the process of redemption payment.											
	<b>Switching shares</b>	The rules to allow for the switch of shares and the Board’s rights are similar to the Prospectus. The wording has been completed to explain that the switch corresponds to two separate transactions (redemption and subscription). The conversion on unknown NAV per share has been taken from CSSF model.											
	<b>Transferring shares</b>	New section added to clarify that investors can transfer their shares subject to certain conditions.											
<b>FUNDS FEES AND COSTS</b>	<b>Expenses included in the</b>	The presentation of the management fees, service fees and depositary fees has been amended for clarification purposes.											

	<b>fees disclosed in “Fund Descriptions”</b>	
	<b>Performance fees</b>	Same wording as the one in the Prospectus. The description has been divided into three sub-sections to make it easier to read.
	<b>Expenses not included in the fees disclosed in “Fund Descriptions”</b>	New presentation of disclosure of fees to follow ESMA guidelines around undue costs and clarification with respect to: <ul style="list-style-type: none"> <li>- transaction fees;</li> <li>- fees paid to independent directors;</li> <li>- any extraordinary functional costs or other unforeseen charges;</li> <li>- regulatory costs.</li> </ul>
<b>HOW WE CALCULATE THE NAV</b>	<b>Timing and formula</b>	The section has been shortened to focus on the main information of the NAV calculation. The part relative to the impact on distribution shares is disclosed.
	<b>Asset valuations</b>	The wording has been shortened for clarification purposes and all assets type have been covered.
	<b>Valuation methodologies</b>	In addition to the possibility to determine the different valuation methods, the possibility to appoint an independent expert has been added.
	<b>Swing pricing/spread mechanisms and dilution levy</b>	<b>Swing pricing/spread mechanisms</b>
<b>Dilution levy</b>		The description of Dilution levy mechanism has been amended for clarification purposes but no material changes. Does not contradict the CSSF model.
<b>TAXES</b>	<b>Taxation of the SICAV and the Funds</b>	The paragraph on distributions and liquidation proceeds was taken out from the “Investors’ taxation” section to be reinserted here, in line with the CSSF model.

	<b>Luxembourg subscription tax</b>	The section on <i>taxe d'abonnement</i> was simplified to only mention reduced rates for share classes dedicated to institutional investors and for money market funds. Other <i>taxe d'abonnement</i> specificities are described directly in relevant funds' annexes. The whole section on "ESG" reduced rates was taken out from the prospectus following internal decision to not benefit from this option.
	<b>Investments' taxation</b>	Described more broadly than in the CSSF model (9.5 Country specific tax considerations).
	<b>Investors' taxation</b>	Integration of the clarification that tax treatment may vary according to investors type, and integration of the paragraph on the absence of Luxembourg tax impact for investors who are not resident in the Grand Duchy, to be aligned with CSSF model.
	<b>German Investment Tax Act (2018)</b>	No material change.
	<b>International tax agreements</b>	No material change.
	<b>Common Reporting Standard (CRS)</b>	Same wording as Prospectus.
	<b>US Foreign Account Tax Compliance Act (FATCA)</b>	Same wording as Prospectus.
<b>MEASURES TO PREVENT IMPROPER AND ILLEGAL BEHAVIOR</b>	<b>Money Laundering, terrorism and fraud</b>	Same wording as Prospectus. Only change is that a Register of Beneficial Owner wording has been included partially from the CSSF model.
	<b>Market timing and late trading</b>	For market timing and late trading, the wording has been aligned with the CSSF model with a minor adjustment to include the rights to take appropriate measures by the SICAV and the central administrator.
<b>PERSONNAL DATA</b>		Section has been divided into different sections for clarification purposes but contains no material changes.
<b>SICAV RIGHTS RELATED TO SHARES</b>		This section clarifies the different actions that can be taken by the Board such as rejection of order, acceptance of subscription in kind, declaration of additional dividends, soft close, hard close, measure against non-eligible investors, suspension of the NAV.

	<b>Rights related to Shares and dealing request</b>	<b>Reject or cancel any application to open an account or to buy, exchange or transfer Shares</b>	The right for the Board to reject any subscription has been completed with the same right for exchange or transfer of shares.
		<b>Declare additional dividends</b>	The right of distribution of interim dividend has been completed with the right for the Board to change the calculation method of dividend.
		<b>Accept securities as payment for Shares or fulfil redemption payments with securities (in-kind payments).</b>	Subscription or redemption in kind has been clarified and more detail has been inserted to clarify how it works in practice.
		<b>Postpone the execution of any redemption order in the event of a significant volume of redemptions</b>	New wording taken from the CSSF model which allows for the postponement of the redemption payment until assets are sold.
		<b>Implement special procedures during times of peak switch or sell requests.</b>	For clarification purposes, the wording has been changed with the CSSF model wording.
		<b>Extend the period of payment of redemption proceeds</b>	New wording taken from the CSSF model which allows for the postponement of the redemption payment until proceeds are repatriated due to certain circumstances without exceeding 10 business days.
			<b>Soft or hard close a Fund or Share Class</b>

	<b>Rights related to account and ownership</b>	to further investment	
		Take appropriate measures to prevent or remedy ownership of Shares by any investor not eligible to own them or whose ownership might be detrimental to the SICAV or its Shareholders	In addition to the possibility for the Board to redeem or switch shares in case of ineligibility, the possibility to do the same where the investor does not provide requested document or where the Board considers that this would be detrimental for Shareholders has been added. The CSSF model has similar situation for compulsory redemption or switch. In line with the CSSF model, it is clarified that the Fund/ the Board and the Management Company will not be responsible in case of compulsory redemptions.
		Suspend the right to vote of any Shareholder that does not fulfil its obligations	Wording is shorter but the process remains the same.
	<b>Rights related to suspension of dealing</b>	Temporarily suspend the calculation of NAVs or transactions in a Fund's Shares.	CSSF model wording has been used to provide more clarity on circumstances when the NAV calculation can be suspended.
		Calculate a new NAV and reprocess transactions at that NAV.	The possibility to calculate a new NAV in case of material change in the market price has been added.
		Calculate or not a NAV that is not used for processing transactions.	The wording is similar to that of the Prospectus. It is disclosed in the general part and no longer at the level of each fund.

<b>SHAREHOLDERS OBLIGATIONS</b>	<p>This section clarifies the obligations of Shareholders such as reading the PRIIPs/UCITS KI(I)D, verifying the eligibility to the Shares. Information in this section is not new except the obligation to inform the Management Company about any changes with respect to information provided by Shareholders.</p> <p>However, in comparison with the Prospectus, all main Shareholders information are concentrated in the same section.</p>	
	<b>Being aware of, and follow, all applicable rules and regulations</b>	<p>Wording is similar to the Prospectus wording.</p>
	<b>Read information before investing</b>	<p>Semi-annual and annual statements have been added as documents to be read in addition to the KID which is in line with CSSF model.</p>
	<b>Verify the eligibility to Share Classes</b>	<p>Wording is similar to the Prospectus wording.</p>
	<b>Notify of changes in information</b>	<p>Clarification of roles and responsibilities of Shareholders. Addition of the obligation to inform the Management Company about any changes in respect to information provided by Shareholders.</p>
	<b>Inform the Management Company of changes in circumstances that could affect eligibility to own Shares</b>	<p>Clarification of roles and responsibilities of Shareholders. Addition of the obligation to inform the Management Company about any changes in respect to eligibility criteria of investors.</p>
<b>NOTICES AND PUBLICATIONS</b>	<p>This section encompasses all documents, information that will be provided to investors and how it will be communicated.</p> <p>No material changes compared to the Prospectus and no discrepancies with the CSSF model.</p>	

	<b>Notices and publications</b>	The wording has been changed to simplify the presentation to investors of available documents but no change with respect to available documents. It is also clarified how documents are available to investors. It covers the same information as in the CSSF model Section 18.3 Information and documents available to investors.	
GOVERNANCE AND MANAGEMENT	<b>Complaints and disputes</b>	The proposed wording is more detailed than the Prospectus to explain to investors the complaints handling process depending on their home country. It clarifies also the expiry date of complaints.	
	<b>The Board</b>	Wording is similar to the Prospectus wording. Reference to Pooling has been removed as it is no longer used.	
	<b>Shareholders meetings and voting</b>	The current wording has been amended for clarification purposes but no change in the content.	
	<b>Shareholder rights when investing through an Intermediary</b>	This section is new and does not exist in the CSSF model. Given that investments in Pictet are being made mostly via nominee structures, it was deemed useful to inform investors on their rights in such a case.	
	<b>Liquidation or merger</b>	<b>Liquidation of a Fund</b>	The current wording has been changed: <ul style="list-style-type: none"> <li>- the threshold of 15 million has been replaced by the following sentence of the CSSF model: <i>the NAV of a Fund has decreased to, or has not reached, the minimum level for that Fund to be managed in an efficient way</i></li> <li>- to add additional circumstances (feeder funds and political circumstances) where liquidation of a Fund can be requested;</li> <li>- to explain the operational mechanism to avoid any doubt from investors or service providers based on situation encountered.</li> </ul>
<b>Liquidation of the SICAV</b>		The wording has been amended to clarify the two cases where the SICAV can be liquidated and the applicable quorum.	

		<b>Merger or split of a Fund</b>	Current wording slightly amended for clarification purposes.	
		<b>Merger/ liquidation of Classes of Share</b>	Wording is similar to the Prospectus wording.	
		<b>Merger of the SICAV</b>	The one month prior notice right has been added for clarification purposes.	
	<b>The Management Company</b>	A paragraph has been added to briefly outline the duties of the Management Company.		
	<b>Policies</b>	<b>Conflict of interest</b>	In the Prospectus there is only a reference to the conflicts of interest policy. A specific section on conflicts of interest in line with the CSSF model has been added and provides general information on the conflicts of interest obligation of the Board, the Management Company, the delegates and the Depositary.	
		<b>Remuneration policy</b>	The wording has been shortened for ease of understanding.	
<b>Compliance with the benchmark regulation</b>		The wording has been amended to replicate the CSSF model for clarification purpose.		
<b>OTHER SERVICE PROVIDERS</b>	<b>Depositary Bank</b>	- No change		
	<b>Central Administration and Domiciliation, Registrar, Transfer and Paying Agent</b>	The Prospectus wording has been kept but has been slightly reorganized.		

	<b>Investment Managers</b>	The approach to disclose investment managers has been changed by listing all Investment Managers appointed by the SICAV in this section. However, the Investment Manager of each Fund is not found in the relevant appendix but on Pictet website. Any Pictet entity that is not in this section cannot be appointed by the Board to manage a fund without the prior approval of the CSSF and amendment of the Prospectus. However, any Pictet entity listed in this section can be appointed by the Board as manager of a Fund without prior CSSF approval and amendment of the Prospectus. This does not apply to external managers that would be appointed by the Board.
	<b>Lending Agent</b>	No change
	<b>Distributors and agents</b>	Wording has been shortened for ease of understanding.
	<b>Local representatives and paying/facilities agents</b>	New section added for transparency purposes.
	<b>Auditor</b>	No change
	<b>Legal Advisor</b>	No change
TERMS WITH SPECIFIC MEANING		Some new terms have been introduced and defined
INTERPRETING THIS PROSPECTUS		Same wording as prospectus
MSCI INDEX DISCLOSURE		Same wording the Prospectus

## FUND DESCRIPTIONS

*Note: The presentation of the Funds follows the section of the CSSF model.*

Description	Fixed Income	Equities	Indexed	Multi Assets	MMF
General Information	This paragraph contains the same information on the main investment.				
Investment Objective	The wording has been taken from the wording in the PRIIPS/UCITS KI(I)D				
Investment Policy	<p>The presentation of the investment policy has been changed to standardize the information disclosed to make it easier to read as well as to implement the CSSF position on the disclosure of eligible assets.</p> <p>The use of a table meant that these two objectives were met.</p> <p>No change has been made to the main investments of the Funds, however the use of “primarily” has been removed, only the concept of “mainly” and “2/3” have been kept.</p> <p>The investment limits have been slightly adjusted to better standardize the limits within the Funds of the same asset class. Certain limits may deviate from these standards by taking into account the specificities of the strategies (e.g.: Pictet - EUR High Yield has a limit in Distressed &amp; Defaulted securities of 10% while the majority of Fixed Income Funds have a limit of 5%).”</p> <p>- <b>Type of Instruments</b> -: the appendices have been amended to create a standard by strategy based on what it is disclosed on the current investment policy.</p> <p>The constraints of ancillary investments have been change in order to uniformized them as follows:</p> <ul style="list-style-type: none"> <li>○ ABS/MBS and 144 A: those type of assets were not included in a consistent way for the time being. They have been included systematically in Funds having an equity and a fixed income strategy.</li> <li>○ CoCo and Convertible Bonds: the constraint has been uniformized. For Funds having no such constraint, it is proposed to limit investment to those assets to 10%</li> <li>○ SPACs were added to Equity funds where the Compartment did not mention them;</li> <li>○ Emerging market exposure limits have been added to some Funds;</li> </ul>				

	<ul style="list-style-type: none"> <li>○ ADR/GDR/EDRs have been added to some old Funds that did not mention them while they already had some.</li> <li>- <b>Concentration and Geographic area of investment</b> - Wording similar to the appendices of the current Prospectus . However, when there is no specific information on concentration, then two paragraphs have been merged into one.</li> <li>- <b>German Investment Tax restriction</b> -. same wording as the Prospectus</li> <li>- <b>Swing pricing/Spread adjustment rate</b> -. Same wording as the Prospectus</li> </ul>
Investment Profile	<b>No change.</b> Same wording as the Prospectus.
Use of Financial Derivatives Instruments, EPM Techniques, TRS	<ul style="list-style-type: none"> <li>- <b>Financial Derivatives – No change.</b> Same wording for all Funds: <i>“To reduce risks (hedging) and costs, and to seek additional gains. For more information, see “How the Funds use derivatives and techniques”.</i></li> <li>- <b>EPM – No change.</b> Currently, none of the Funds make Repurchase Agreements and Reverse Repurchase Agreements. Some of them use Securities lending, in which case the following wording is used: <i>“Use of Securities Lending Agreements: to reduce costs and/or to seek additional gains. Refer to section “Usage of Total Return Swaps and EPM Techniques”. No use of Repurchase Agreements and Reverse Repurchase Agreements.”</i></li> <li>- <b>TRS – Usage of TRS has been authorised for 3 Funds in the limits of the maximum permitted.</b> If the Fund has an expected level of use then the following wording is mentioned: <i>“To reduce risks (hedging) and costs and to seek additional gains. Refer to section “Usage of Total Return Swaps and Techniques”. Otherwise, it is just mentioned “No use of Total Return Swaps”.</i>  <i>PICTET – SHORT TERM EMERGING CORPORATE BONDS</i> <i>PICTET – EMERGING CORPORATE BONDS</i> <i>PICTET – EUR CORPORATE BONDS</i></li> </ul>
Investment Manager	It has been decided to remove the investment manager from the appendices and to disclose them on the company’s website
Benchmark used	<b>The wording has been clarified by mentioning</b> the name of the benchmark used, the fact that it does not / does take into account ESG factors (for article 8 and 9 Funds only), the fact that the Fund is actively managed) and the degree of flexibility.
Risk Profile	All Risk profiles have been reviewed for clarification purposes.
Global Exposure approach	Same wording as the Prospectus.

Leverage	Same wording as the Prospectus.
Classes of Shares, Fees and Charges	Same wording as the Prospectus.
Fund Currency	Same wording as the Prospectus.
Transaction information	Same wording as the Prospectus but presented in a tabular manner.
SFDR classification	No change: <ul style="list-style-type: none"> <li>- For article 6 : only state “Article 6”</li> <li>- For article 8 and 9 : SFDR wording is shorter to refer to PCDs</li> </ul>

## AMENDMENT TO THE ARTICLES OF ASSOCIATION

Article	Comments
Article 5	The wording of the Prospectus has been replicated for consistency purposes. On top of that, the possibility to split any fund into two Funds has been added.
Article 23 point C	This article has been amended for consistency and flexibility purposes.
Article 24	This article has been deleted as the pooling is no longer used.
All articles (to the extent relevant)	<p>Definitions have been updated in order to ensure consistency with the terminology used in the Prospectus. For example, Company has been replaced with SICAV. Compartment has been replaced with Fund.</p> <p>Some further articles have been amended for clarification purposes and in order to ensure consistency with the wording foreseen in the Prospectus.</p>

## Appendix 2

### Details of changes made to Pictet – EUR Short Mid-Term Bonds

	FROM PICTET – EUR SHORT MID-TERM BONDS	TO PICTET – EUR INCOME OPPORTUNITIES
<b>General Information</b>	The Fund invests at least two-thirds of its net assets in short/medium-term bonds with a residual maturity for each investment of no more than 10 years and in similar transferable securities denominated in EUR. The average residual duration of the portfolio cannot, however, exceed 3 years.	The Fund invests at least 75% of its net assets in EUR investment grade, EUR high yield, EUR government debt and EUR money market securities and other instruments such as convertible bonds denominated in EUR.
<b>Investment Objective</b>	To increase the value of your investment, through income and investment growth.	To increase the value of your investment, mainly through a risk-adjusted income.

## Appendix 3

## Details of changes made to Pictet – Quest Emerging Sustainable Equities

	FROM PICTET – QUEST EMERGING SUSTAINABLE EQUITIES	TO PICTET - GLOBAL MULTI ASSET THEMES
<b>General Information</b>	<p>The Fund invests mainly in equities and similar securities of companies whose headquarters are located in and/or that conduct their main activity in emerging countries.</p> <p>The portfolio is constructed using a quantitative method that adapts the portfolio according to financial stability, and the objective is to build a portfolio with superior financial and sustainable characteristics.</p>	<p>The Fund mainly offers an exposure to and benefit from, the performance of investment themes and ideas beyond traditional asset allocation confines. It will invest in debt securities of any type (corporate and sovereign) with an average rating equal or higher than BBB- over the long term, including money market instruments, equities, real estate, cash and currencies (“Investments”).</p> <p>It will mainly invest as follows:</p> <ul style="list-style-type: none"> <li>- directly in the Investments; and/or</li> <li>- in undertakings for collective investment (UCITS and other UCIs in compliance with the provisions of Article 41. (1) e) of the 2010 Act), whose main objective is to invest in the Investments; and/or</li> <li>- in transferable securities offering an exposure to the Investments.</li> </ul>
<b>Investment Objective</b>	To increase the value of your investment.	To increase the value of your investment, while seeking to outperform its Benchmark over the long term..

<b>Benchmark used</b>	MSCI EM (USD), an index that does not take into account environmental, social and governance (ESG) factors. Used for portfolio composition, risk monitoring, performance objective and performance measurement. The Fund is actively managed and its performance is likely to be significantly different from that of the benchmark, because the Investment Manager has significant discretion to deviate from its securities and weightings.	ICE BofA US Dollar 3-Month Deposit Offered Rate Constant Maturity Index (USD). Used for performance objective and performance measurement. The Fund is actively managed and the portfolio composition is not constrained relative to the benchmark, so the similarity of the Fund's performance to that of the benchmark may vary.
<b>Risk Profile</b>	<p>The risks listed below are the most relevant risks of the Fund. Investors should be aware that other risk may also be relevant to the Fund.
